WORK EXPERIENCE

CREATIVE LICENCE DIGITAL – FRONTEND DEVELOPER 2015–present **Sydney, Australia**

- Led the design and front-end UI/UX development of over half a dozen company and client properties.
- Oversaw the rebranding of our largest client's flagship online service while establishing, developing & advocating said service's UI architecture
- Assisted in creating and maintaining the design framework and guidelines for our new React.js/React Native app initiative while maintaining legacy design standards.
- Collaborated with and managed a rotating team of up to ten back-end developers while overseeing, reviewing, and coaching junior designer hires.

ZIPSCENE LLC – FRONTEND DESIGN & DEV 2013–15 **Cincinnati, OH**

- Designed and developed Ember.js, Node.js, and Wordpress websites for over a dozen major national restaurant chains. Collaborated with back-end developers and graphic designers to rapidly prototype, develop, and ship data-driven mobile and web apps.
- Spearheaded the implementation and development of responsive BS3/Node.js frameworks, client-facing WordPress templates, and company-specific presentation collateral.
- Proposed, budgeted, and designed an event-specific branding initiative operating in conjunction with ZipScene's social outreach efforts.

IMAGINAL MARKETING – WEB DESIGNER & DEV 2013 **New Orleans, LA**

- Coded and debugged desktop sites, mobile sites, & email blasts using HTML, CSS, and PHP.

MIDWEST GRIP & LIGHTING – WEB DESIGNER & DEV 2011–12 **Cincinnati, OH**

- Redesigned and expanded online catalog from 15 pages to 300+. Wrote over 100 pages of product copy.
